Ring Sizing Information:

At the bottom of this form is a ring size image, while not 100% accurate, it should be close enough to insure a good fit. Print out a copy of this page and follow the instructions below. Resize the print if it does not measure 3 1/2 inches as shown. This is an approximation of your ring size. Please size rings as accurately as possible, there are **NO EXCHANGES**. **We suggest you go a little bit larger.**

1. Cut out the ring sizer
2. Cut a slit for Slot "A"
3. With the numbers facing out, wrap the sizer around the finger where the ring will be worn.
4. Pull the pointed end Tab "B" through Slot "A" until the sizer is snug, making sure to allow size for the knuckle.
5. The number aligned with Tab "B" is your ring size.
6. If the measure lands between two numbers, order the next largest size.
